## Exterior of Museum

## Brief History

Construction on the building that now houses the North Shore Historical Museum was completed in 1908. Over a period of ninety years the building served as the Glen Cove City Hall, as a courthouse, and as the local jail and Police Headquarters. A five-year interior and exterior restoration to the building's original 1908 condition was completed in 2012. Over the years the building has been used as a location for films and TV dramas, most notably Alfred Hitchcock's *North by Northwest* in 1959.
